

DynaFusion - CSR Policy

DynaFusion Technologies Pvt. Ltd., is committed to be a Responsible Corporate Citizen. We are in business to create Value/Profits for the stake holders, meeting business targets of our principals, providing modest working environment to the employees, meeting quality & service commitments to customers and meeting obligations to the Government in terms of payment of statutory dues and respecting laws of the land.

We are also committed to help in environmental issues facing the Planet as also partake in supporting People/Community development activities, thus valuing the “People-Planet-Profit” philosophy of business.

The Social Responsibility of our business extends to all our activities. However, in the matter of providing a specific budget, we are committed to spend 2.00% of our post tax profits, for specific CSR activities as under:

1. Supporting education at school level, including providing facilities, tutors, and scholarships to merited students
2. Support to Community Health related activities like organizing primary health check-up and care camps, including dental screening, in both urban and rural centers, to include providing basic equipment
3. Supporting Skill Development initiatives, help providing facilities and meeting cost of training.
4. Supporting Girl-child initiatives

The Company will carry out CSR activity either thru NGO's or directly.

The CSR Policy shall, be reviewed each year, upon review of the impact in terms of reach and value to beneficiaries.
