## **‘dSPACE User Conference 2022 – India’**

Dear Patron,

Greetings from DynaFusion Technologies Private Limited, India - your preferred partner for dSPACE GmbH world's leading provider of high-quality hardware and software tool suite empowering engineers to design and innovate, while significantly reducing development time and cost. It is with immense pleasure and pride we announce "9th dSPACE User Conference 2022 – India" (DUC2022) scheduled to be held on Friday the 16th September 2022.

The highlights of dSPACE User Conference accentuates on embedded and mechatronic control systems, which will offer the latest state-of-the-art innovations, engaging, and progressive strategic point of convergence to the stakeholders of the prestigious automotive industry and enable them to meet, network and discuss revolutionary solutions with other industry experts on a unified platform and deliberate the current Automotive Industry's progression.

DUC2022 brings together innovation leaders, global leaders and key decision-makers from the Automotive Industry who are seeking to learn about how to optimize time, efforts, and precision in the development process.

The conference will showcase the most up-to-date solutions for efficient development and testing of applications for ADAS & Autonomous Driving and electrification - including the AD solution from dSPACE that will take software-in-the-loop testing. Several new and exciting dSPACE solution offerings for embedded software development will be presented during the event.

The conference will have interactive sessions by renowned keynote speaker and many paper presenters from the Automotive Industry. The acme of the event will be that dSPACE technological experts from Germany will share their knowledge and experience in developing and implementing solutions. The conference will further provide a unique platform for the past, present and potential dSPACE users.

It will be an honour to have your presence, while this will be an opportunity for you to meet and interact with the industry fraternity and enthusiasts under one roof.

dSPACE User Conference is a comprehensive, hybrid event (both in-person and virtual), considering the safety and guidelines in this post-pandemic phase. Stay tuned for further details and agenda...
